A single-player game is usually a game that can only be played by one person, w hile "single-player mode" is usually a game mode designed to be played by a single player, though the game also contains multi-player modes.[1]</p&

<p>Most modern console games and arcade games are designed so that they can n be played by a single player; although many of these games have modes that all ow two or more players to play (not necessarily simultaneously), very few actual ly require more than one player for the game to be played. The Unreal Tournament series is one example of such.[2]</p> <p>History [edit]</p>
